6	1	199	0.50%
Number of Subjects Assigned	581		
Number of Student Options of the Top 3 Priority	587		
Number of Student Options Entered	1244		
Overall Allocated Rate	98.98%		
Overall Satisfaction Rate	92.42%		

School's Considerations:**Maximising students' choices of elective subjects**

- Chinese Literature is offered to students in two network schools in the same district.
- HMSC, PE and VA are offered by other network schools within the same district.
- Music is offered by Partner School of the Arts & Technology Education Centre. Students will have Music lessons on Saturday.
- Block 2 and Block 3 subjects are arranged after lunch in the timetable to facilitate students to go to network schools during lunch hour.
- Schools involved in the network programme will arrange similar timetables and school calendars.

Arrangement of lessons for students taking 2 electives

- Enhancement Programme will be arranged in each elective block for students taking only two elective subjects at S4. The S4 Enhancement Programme is made up of special lessons of English, Chinese and Mathematics.

Timetabling tools

- TTL will be used in timetabling.

Special arrangement of subjects

- The school will limit the number of groups of BAFS and Economics to two in the years after 2009/10 to ensure that there are enough subject teachers to teach the two subjects.

(Updated as at 20 July 2009)
