School's Considerations:**Class teacher arrangement**

- Teachers teach Economics (Group 1), BAFS and Biology in Block 1 are assigned as class teachers of the respective classes. For the other subject groups of Physics, Chemistry and Economics (Group 2) in Block 1, teachers teach English Language or Chinese Language of these classes will be the class teachers respectively.

Class size

- The class size of all elective subjects is limited to 40.

Subject allocation

Allocation of elective subjects is based on students' abilities as follows:

- Students ranked 152 or below are manually allocated with either Economics (Group 1) or BAFS in Block 1. This is to facilitate arranging flexible grouping for remedial teaching in English Language of these two classes.
- Students allocated BAFS in Block 1 could only study Accounting Module as the Elective Part of the subject.
- Students allocated BAFS in Block 2 are arranged to take either Business Management Module or Accounting Module as Elective Part of the subject.

Music programme

- Four students were selected to participate in the Schools Collaboration Scheme of Music Training for Senior Secondary Students. Three of them will take Music as their 4th elective.
